

The Nielsen Environmental E-School Group Discount Program Enrollment Form

A. Fundamental Requirements for the Group Discount Program

This form must be completed to create a group discount account with the Nielsen Environmental E-School. This will facilitate registration of individuals who are part of a group of 5 or more people from a single entity (private company, government agency or other organization) that is seeking to use the on-line training services provided by The Nielsen Environmental E-School. **Groups with fewer than 5 people do not qualify for the discount offered by this group program.** Individuals from different companies or organizations cannot form a single group to participate in this group program.

B. Group Account Point of Contact Information

Please provide all requested contact information for the key contact person for this group:

C. Select the Type of E-School Training You Want

You may register the individuals in your group to take either individual E-Modules or E-Courses. You cannot combine E-Modules and E-Courses under one discount account for the group, but a group can have one account for E-Module-based training and a second account for E-Course-based training for its staff.

- E-School Individual E-Modules (40 to 90 minutes each)
- E-School E-Courses (packages of from 13 to 32 modules each)
 - E-Courses with the option to apply for certification
 - E-Courses without the option to apply for certification

Select one option or the other for E-Courses with or without the option to apply for certification; they cannot be combined. If some in your group want the certification option and others don't, sign all up for E-Courses without the option without certification; individuals who want to apply for certification may then do so separately at an additional cost.

Using the information contained in Section D of this form, we will manually create personalized E-School accounts for each registrant. Upon payment of registration fees in full, each registrant will receive a unique ID and password to access their individual account and begin the E-School E-Course or E-Module. **IDs and passwords cannot be transferred to other members of the company, agency or organization.** Completion certificates and CEUs will only be issued in the registrant's name, according to their unique ID.

Each individual will have 30 days to complete an E-Course and 24 hours to complete an E-Module. Extensions of time (in weekly increments) to complete E-Courses may be purchased (by credit card only) at a cost of \$100/week, by calling us at (575)532-5535 (between 8 a.m. and 5 p.m. mountain time). No discounts can be applied to time extensions.

E. Payment Methods

Prepayment is required for all group registrations. Payment can be made by check or credit card (Visa, Master Card or American Express) for E-Modules or E-Courses. For payment by check, we will e-mail an invoice, showing the 20% discount and the balance due, to the account's primary contact person (identified in Section B of this form).
